

Delivering Excitement and Results to your Bingo Room!

About Gaming Arts

Gaming Arts is the world leader in bingo and keno games and technology. Now we are reinventing the casino floor with our revolutionary slot game suites and casino-wide interactive system. Few companies can match the innovation at Gaming Arts and the breadth and scope of our research and development efforts. At Gaming Arts, we consider ourselves “Compulsively Creative” in all that we do.

- Gaming Arts’ primary technology and innovation campus is headquartered in Las Vegas, Nevada with satellite locations in Colorado and Nebraska.
- Recognized as the world leader in bingo and keno games and technology and now expanding that leadership and creativity to the casino floor.
- Developer of the world’s first-of-its-kind computerized interactive promotional systems.
- Patented and patent pending skill-based gaming, comp verification and slot systems technologies and more.
